Garbage Free City – Field Assessment

Thank you!!!

We are humbled by response to GFC star rating with **2000+ cities having uploaded city declarations**. As field assessment is under-way for 3/5/7 star applicant cities, we solicit your support keeping in mind the following:

- Kantar Public's central/state team will **advise cities the day before** the field assessment starts.
- Given the limited time, **it will not be possible to reschedule field visits** and such requests will not be entertained.
- Cities are advised **not to entertain or interact with GFC field assessor(s) in-person/phone**. They are not authorized.
- In case of any requirement for reviewing of documents or other necessary permission, **Kantar Public's authorized representative from State/Central team will coordinate with city's authorized person**.
- Please **do not interrupt field assessors during field assessment** as this may delay the overall process.
- It is **not allowed to discuss 'Independent Observations' and 'Citizen Validations'**.

For any other matter, only following officials can call

MoHUA: Shri Binay Kumar Jha, Director (SBM)

Kantar Public: 1. Shri Soumya Sinha (M) 9999029495

2. Shri Venu Gopal (M) 9958088814
