Thank you for participating in Star Rating of Garbage Free City (GFC) and providing the details in the portal. We acknowledge the enthusiasm with which you have actively participated in the rating process thus far. Please find below summary of gaps found in desktop assessment (quality assessment) of the information uploaded in the portal. The quality check in the desktop assessment has been done by referring the data in MIS, referring study tool kit protocol and the information you have provided in the GFC portal under the "City Profile" and "Self-Assessment". On the portal, you will be able to see the information pertaining to these gaps highlighted. The sections with specific gaps are provided in the below grid. **There is no correction required to be done in the portal, however we request you to please share clarification and justification by replying on this mail for the gaps found along with relevant documents.** Please note, you will be required to provide these information in next 24 hours for us to review the information and take appropriate decision with respect to the ULB rating.

Thank you  
GFC – Quality Assessment team

- If gaps are identified for cities qualifying for 3,5,7 Star during Desktop Assessment and MIS validation, cities are receiving email like the one on the left.
- Cities will get 24 Hrs. to revert on the gaps identified. For example: If email is received today at 3 PM, the 24 hour window will be till tomorrow 3 PM. If mail is received after 6 PM, the 24 hour window will start from next day 9 AM. Please refer time in the mail body.
