## Garbage Free City Portal

### Tips:

- For City Profile section that is not applicable for a ULB, that section may be skipped and ULB does not need to upload any information under that section. For example, if a ULB does not have Bulk Waste Generator/Tourist Areas, the ULB may skip filling that section under City Profile.
- If a ULB is not charging any user charges from Tourist Area/Office/Educational Institution, ULB may fill '0' under user charges in City Profile.
