Garbage Free City Portal Tips:

- For cities that had filled data in old GFC portal, some ward information might not be filled or special characters like & or \$ or % sign used in the Ward Name. **Please delete special characters in ward name under Ward Details section and fill/review complete data in City Profile before proceeding for Self-Assessment.**
- **Based on the information filled in Ward Details section, drop down option is provided to select ward number while filling other City Profile sections.**
- **It is important for cities to fill all information of wards in respective city profile sections viz. Residential /Slum, Commercial Areas, Offices etc. If for a ward no information is filled in any of city profile sections, it means that ward does not have any of the location/facility in that ward (other than the ward details) and hence system will not open Self-Assessment for that ward.**
- **Self-Assessment section is built on the information uploaded for each ward in all City Profile sections and NOT just from Ward Details section.** Please ensure all City Profile Sections are completed properly for the information to move to Self-assessment section.
